## REPORT WRITING SKILLS

Report writing skills has been identified in AORC's ongoing needs assessment as one of the training priorities required by African Ombudsman. In responding to this need, the AORC has planned a series of webinars for African Ombudsman and their staff.

The upcoming webinars for African Ombudsman and staff will focus on practical measures that Ombudsman and their staff can use to improve their report writing skills.

These webinars are an excellent opportunity to enhance the capacity of African Ombudsman throughout the continent in their tasks of preparing persuasive reports. They will also contribute to the development of skilled resources within the Ombudsman institutions to the benefit of each participating country and Africa as a whole.
