SHOWCASING SECTORAL OMBUDSMAN: SPOTLIGHTING PENSIONS, INSURANCE, AND TAX OMBUDSMAN OFFICES

Organized by the African Ombudsman Research Centre (AORC), the research and training arm of the African Ombudsman and Mediators Association (AOMA), in collaboration with the International Ombudsman Institute (IOI). This webinar forms part of AORC's broader capacity-building programme supported by the African Renaissance and International Cooperation Fund (ARF) of the Department of International Relations and Cooperation (DIRCO), South Africa.

Held as part of the Africa Month 2026 commemorations following Africa Day on 25 May, this webinar highlights the role of African accountability institutions in promoting fairness, good governance, citizen protection, and transparent systems across the continent.

Specialised Ombudsman offices in Pensions, Insurance, and Taxation play a critical role in resolving complex complaints, protecting rights, addressing maladministration, and strengthening public trust in key financial sectors.

Join us as we explore the mandates, processes, and systemic contributions of these sectoral Ombudsman offices, and how they complement national Ombudsman institutions within the broader accountability framework.
